Tara,

This is regarding case 2021-612(L), Sullivant v Sullivant.

I am having a problem getting motions set per agreement with opposing counsel, Swayze Alford. Swayze had agreed to get an order setting 4 motions for the 14th some two weeks ago. Yesterday, when I inquired as to the status of the order, he says he has not gotten it done, and has not gotten back to me regarding his agreement with me that they will be set.

I intend to be in court on the 14th, and would like the motions to be heard. Would like to discuss my options regarding Swayze disregarding his word to set the motions to be heard.

Thanks,
Robert Sullivant, Jr.
